NANAIMO NEWS NOTES.

Meeting of the British Columbia Tanning Co.—Death of an Old Timer.

NANAIMO, March 21.—At a meeting of the British Columbia Tanning Company, held on Thursday evening, it was decided to issue from $10,000 to $15,000 more shares, so as to enable the directors to develop the establishment. At present only a certain class of work is being done in the shoe department, and as the directors desire to enter into competion for all classes of goods, additional capital has become necessary.

THE TELEPHONE SERVICE.

Since the telephone in this city has been under new management, a grear improvement has taken place, and a general feeling of satisfaction prevails among the subscribers. It is stated that in the course of another two weeks the central office will be open night and day. The question has often been agitated, and when adopted no doubt many more of the business people will find a use for one of these instruments. So far nothing has yet been done to connect Victoria or Vancouver by telephone, although there was much talk about it a few months ago.

DEATH OF AN OLD PIONEER.

Mr. J. Jones, an old pioneer, died at his residence in this city yesterday. The deceased had been an invalid for the past eighteen months. He leaves considerable property which has been left to his sister, a Mrs. Cook, who had kindly nursed him in his illness. The funeral will take place on Sunday afternoon.

LITTLE HAPPENINGS.

Messrs. Cohen and Graham, barbers of Commercial street, have desolved partnership.

Mr. Marwick intends to erect a large brick hotel upon his vacant lot on Hilburton street.

At a meeting of the shareholders of the Nanaimo Water Works Company, on Thursday evening, 6 per cent. dividend was declared.

The gamblers who have infested this city for the past few weeks have been notified to take their departure, and many took the train this morning for Victoria.

A pleasant service of song will be given at the Episcopalian Church, on Sunday afternoon. Quite a large programme has been prepared, in which many principal singers of the city will take part.

Mrs. Gray's Condition.

Mrs. S. W. Gray, of this city who was badly injured at Seattle last Monday by the collision of two street cars, is still in a very dangerous condition, her injuries being very serious.

Popularly called the king of medicines—Hood's Sarsaparilla. It conquers scrofula, salt rheum and all other blood diseases.

HELD FOR RANSOM.

AN AGED MILLIONAIRE KIDNAPPED FROM HIS HOME.

A Young Californian Missing From His Home—The Italians of West Virginia Organizing to Fight—An Outbreak Feared—Felton Chosen Senator.

DETROIT, Mich., March 21.—Joseph Perrin proprietor of one of the largest flouring mills in Detroit and a half millionaire, was called to his door by a stranger last night with a message purporting to come from an intimate friend who was reported ill and desiring his attendance. Perrin left home with the stranger about 10 o'clock in a coupe with him and went away. At 1 o'clock this morning the Perrin house door bell was rung and an envelope thrust in by a young man who immediately disappeared. The envelope contained a check for $15,000 on the Peninsular Bank of which Perrin is vice-president and a large stock holder. A promissory note for $15,000 payable in five days, and a letter to Perrins nephew Mr. Hesselbacher, advising him to cash the check and negotiate the note or failing either to raise $15,000 on his own property to be paid as a ransom for Perrin who was being held by some parties whom the letter did not disclose. A letter appointed a rendezvous where the money might be paid this evening. The police were immediately put to work on the case, but up to 11 o'clock this morning they have no clue to the persons who kidnapped Perrin or to his present whereabouts. Perrin is a bachelor 58 years old, extensively interested in Detroit industries and financial institutions. The letter to Hesselbacher states that Perrin had gotten into trouble with a woman and had to pay the money over without a word, but this statement is scouted. Both the letter and check bore Perrin's genuine signature.

A Young Californian Missing.

NEW YORK, March, 21.—Jas. Watts, 25 years old, son of a wealthy Californian, is missing from his home on Madison avenue. This morning the fact was reported to the police and a general alarm sent out. Watts is an intemperate man and was placed by a California friend, who is a lawyer in this city, in the home for intemperates. Watts was also addicted to chloroform. At times he was allowed to go home unaccompanied by an attendant. He frequently would lock himself in his room for several days after obtaining a supply of the drug and remain there until it was all used up.

A Terrible Accident.

MIDLAND, N.Y., March 21.—News comes from Livingston, Manor, Sullivan county, of a sad accident at the Manderville wood acid works there. In converting the crude acid into acetate of lime the fiery liquid is boiled at a high temerature in big iron kettles. While George Huftellu, one of the workmen was passing by a group of these kettles he was partially blinded by steam and made a mis step and fell into the boiling acid up to his neck. Geo. Penn, a fellow workman, who heard his shrieks of pain sprang to his assistance and dragged him out. He died shortly after in intense agony.

A Madman's Freak.

WHEELING, March 21.—Peter Richmond, a farmer living about seven miles from Cameron, Marshall county, quarreled on Thursday with his wife. He rushed out into the woodshed, and returning with an axe, felled her to the floor, nearly severing her head from her body. He then attacked his mother, who ran screaming from the house. The neighbors rushed in, and overpowered Richmond. The man seemed to be insane.

May Show Fight.

PITTSBURG, March 19.—A special to the Times from Wheeling, W.Va., says: The news has reached here that about 2000 Italians working on the Pittsburg, Ohio Valley & Cincinnati railroad and a pipe line about eighteen miles below Bellaire, are organized and drilling in companies. They are also receiving guns. It is said they have organized on account of orders issued from Chicago. The people in the vicinity are considerably alarmed.

She Helped Him.

ROCHESTER, N.Y., March 19.—Mrs. Quigley, sister of Arthur Day, who was hanged at Welland, Ont., December 18, for the murder of his wife, whom he pushed over a precipice near Niagara Falls, died there to-day. On her deathbed she confessed that she incited Arthur to the murder, and helped him push his wife over.

Followed His Father.

NEW YORK, March 20.—The Times says: There are indications in Wall street now that George Gould may be made president of the Rock Island road. It is no longer disputed that the Goulds have acquired a large interest in that property. This gives the Missouri Pacific a new terminl from which to draw earnings.

The Rowing Championship.

NEW YORK, March 21.—A cable dispatch from Sidney says: John McLean and James Stansbury will row for the championship of the world and $400 a side on the Parramatta course on March 24. Stansbury will go to America after the race to row William O'Connor.

Felton Made Senator.

SACRAMENTO, March 20.—The joint assembly stampeded to-day for Felton and elected him by the following vote: Felton, 73; Estee, 15; White, (Democrat) 23; Heacock, 1; Johnson, 1; necessary to a choice, 60.

Rev. F. Upton Dead.

FAIR HAVEN, Mass., March 20.—Rev. Frederick Upton, the oldest Methodist minister in the United States died this morning.

Arrived.

Bass XXXX Ale (Lamb's Wool) at the Occidental Hotel bar.

SPORTING INTELLIGENCE.

Brief Resume of Sporting Matters Here and Elsewhere.

The annual meeting of the Victoria Jockey Club will be held on Tuesday evening, March 31st, in the office of Dalby, Ballentine & Claxton.

At a meeting of the Victoria baseball club held last evening it was decided to amalgamate with the Victoria Athletic Club. This will make one of the strongest teams in the city and some good games may be looked forward to.

OXFORD WINS.

LONDON, March 21.—The university boat race came off to-day over the regular course from Putney to Mortlake, and was won by Oxford as expected. The weather was most unfavorable up to the moment of the start. Snow and hail were falling and a squall of wind made the water rough, which was in favor of the heavier Oxford crew. The start, however, was effected in a burst of brilliant sunshine. Cambridge took the lead and at Hamersmith bridge was quarter of a length ahead. Then Oxford overhauled them and got the lead and kept it to the end. The race was an extraordinarily close one and the winner fiished only a quarter of a length ahead.

LONDON, March 21.—Later—Oxford won the race by a quarter of a length in 22 minutes.

THE LONG WALK.

NEW YORK, March 21.—The walking match score at 10 a.m., was Hughes, 521 miles 3 laps; Bennett, 509 miles 5 laps; Moore, 495 miles; Hegelman, 489 miles; Herty, 485 miles; Noremac, 480 miles.

THE GUN.

The first general shoot of the Victoria gun club will take place on Good Friday morning at the Victoria driving park.

JOCKEYS FORM A UNION.

For several months past the jockeys have been quietly banding themselves together for their own protection. This was caused mainly by the different jockey clubs appointing a licensing board, which makes it compulsory for trainers and jockeys to obtain licenses before they can train or ride horses on the "legitimate tracks." They have agreed to adopt a uniform rule of prices to be charged for winning and losing mounts, and a resolution signed by all the principal jockeys will be presented to the licensing board at their next meeting. The prices adopted are:—Fifty dollars for winning a stake race, $25 for winning an ordinary race, and $10 for every losing mount. The jockeys who have already signed this petition are Fred Taral, George Taylor, Marty Bergen, Fred Day, George Miller, Willie DeLong, George Covington, Ed Garrison, Joe Bergen, Hugh Penny, George Miller, and others.

TWO-YEAR-OLD RACES.

From the list of two-year-olds entered for the Victoria jockey club Derby, 1892, it would seem that the rage for two-year-old races has reached Victoria in its mad career through the sporting world. There should be no reason why Victoria should figure down in the list in this branch, and it is hoped that she will be able to establish some records.

THE VICTORIA DERBY, 1892.

The following two-year-olds have been entered for the Victoria jockey club's Derby, 1892:

A. McConnell's Ada, bay filly, by Buetralph, out of Portia Knight.

R. P. Rithet's Victoria, bay filly, by Leontes, out of Lively.

W. Fortune's Buttercup, roan filly, by Beathel, out of Okanagon Gypsy.

Dr. Duncan's Rose, bay filly, by Ophir, out of Sunbeam.

Dr. Duncan's Amphion, bay colt, by Vagrant, out of Nellie Howard.

William K. Leighton's Rex, chestnut colt, by Beathel, out of Lady B.

Captain Ogilvie's Ilex, chestnut filly, by Leontes, out of Chilcat.

All entries to be sent in to Mr. W. H. Bainbridge, secretary of the Victoria jockey club.

A BRUTAL EXHIBITION.

SAN FRANCISCO, March 19.—Details of the Goddard-Choynski fight received by the steamer Mariposa from Sydney to-day, indicate it to have been one of the most desperate affairs of the kind on record. Both men entered the ring in splendid condition, but Goddard weighing nearly 30 pounds more. It was a hurricane fight from the start.

Toward the end of the first round Choynski got a terrible blow on Goddard's jaw, knocking him clean off his feet. He took his 10 seconds and was carried to his corner. He was cut to the bone. The call of time saved him.

In the second round the men went at it hammer and tongs. They were soon both staggering with weakness, so terrible had been their pace. Choynski at the end was bleeding from the mouth and had a lump over the left eye.

The third round was furious. Goddard twice forced Choynski to the board by his superior weight. The American nearly knocked the Australian out in the latter part of the round. Both were utterly powerless before it was over, and were covered with blood from head to foot.

Choynski's legs began to give way in the fourth round and Goddard drove him all around the ring, leaning on the ropes all the way. At last Choynski fell to the floor limp. Goddard stood glaring at him, panting painfully and his knees rocking under him. Choynski, after five seconds, got up, and as they staggered towards each other the round ended. The men were almost carried to their corners.

After about half a minute had ticked away Choynski's second threw up the sponge. Goddard's face was almost unrecognizable. Choynski's objective point being Goddard's head, while Goddard rained most of his blows on Choynski's wind and over his heart.

At the conclusion of the fight Goddard made a speech, in which he attributed his victory to the fact that he was a much heavier man.

The Sydney Referee, commenting on the fight, said it was grim slaughter, a terrible figiet all the journey and the better man won. Choynski was whipped, but he proved a man of whom America may well feel proud.

A TERRIBLE DEATH.

THE BODIES OF THE PASSENGERS OF THE UTOPIA

As Seen by the Divers at the Bottom of Gibraltar Harbor—The Captain of the Steamer Arrested for Wrongful Conduct and Carelessness.

GIBRALTAR, March 19.—The accounts given by divers who are engaged in work on the wrecked steamer Utopia of the terrible sights they witnessed on the vessel still further increase the appalling character of the catastrophe. These men say they found the hatches and chart room of the Utopia closely packed with the bodies of the unfortunate passengers, who had become wedged into an almost solid mass in their frantic efforts to reach the decks.

Owing to lack of accommodations in the naval hospital here many of the crew and emigrants who were rescued have been compelled to encamp on the glacis.

Captain McKeague, of the Utopia, has been arrested for wrongful acts, improper conduct, negligence and mismanagement, and released on bail.

Two British men-of-war's men drowned yesterday while helping to rescue passengers from the steamer Utopia were buried to-day with military honors.

A revised official count of the lost and saved passengers on the ill-fated Utopia shows that 880 souls were on board. The saved include 290 steerage passengers, 2 saloon passengers, 3 Italian interpreters and 24 of the crew.

An Important Subject.

LONDON, March 20.—In the House of Commons this evening Sir James Ferguson, under secretary of foreign affairs, read a cable dispatch from St. John, Newfoundland, transmitting to the Government the resolutions adopted by the legislature of Newfoundland requesting that the English Government delay the enactment of coercive legislation until such time as the colony should be heard in a negative argument. The resolutions which were transmitted in full by cable are signed by the president of the council and the speaker of the House. Wm. H. Smith, first lord of the treasury, and Conservative leader in the House, said that the question was one of such commanding importance that the Government was unwilling to send a hasty reply. It had been, he said, impossible for him to confer on the subject with his colleagues inasmuch as the telegram had only been received to-day and the communication was as virtue of its importance, entitled to most serious consideration before the Government should determine its course in the premises.

A C.P.R. Train Derailed.

ST. JOHNS, N.B., March 20.—Between 10 and 11 o'clock last night a special west bound freight train on the Canadian Pacific railroad was derailed two miles east of Westfield. Fourteen cars went off the track and were piled up one on another, smashing themselves and tearing up the rails. The western express which left the station filled with passengers met the news at Fairville and returned to St. Johns as the track could not be cleared. The express was cancelled and the passengers had to remain in St. Johns another night. The Canadian Pacific express from Halifax which arrived a few minutes later having seven cars of through passengers was also held over. One man only was injured in the accident. Two wrecking crews were at the wreck all night, and had the track cleared this morning. The loss to the road is heavy.

Cartridges for Canada.

QUEBEC, March 19.—For some unknown reason a remarkable activity is shown at the government cartridge factory here. The factory is running full time, and orders were received this morning from Ottawa for the immediate establishment of a factory for manufacture of a large amount of Martin-Henry ammunition. These rush orders for warlike material without known cause excites the comment of military circles.

WHARF AND WAVE.

Jottings of Interest to Marine Men Concisely Compiled.

The British bark Ordovic, 885 tons, Austin master, has left Manilla for Vancouver, sugar laden.

The little steamer North Star, which was sold by the Customs authorities some time ago, has been repaired and will be used at a fishery this season.

The government steamer Douglas, Captain Gaudin, arrived at Nanaimo last night, having been on a tour around the various lighthouses on the coast.

The report recently published to the effect that the British Columbia and Puget Sound stevedores were to combine, is emphatically denied by the principal stevedores of this port. They state that a combination among the British Columbia men may result, for mutual protection, but deny that the Puget Sound stevedores have anything to do with the matter.

A Reception to Miss Guthrie.

A pleasant event took place at the Driard this afternoon just as the TIMES goes to press. It was a reception tendered by His Worship Mayor Grant and several leading citizens to the accomplished and gracious artiste Miss Guthrie, who very gracefully acknowledged the compliment.

New Firm.

A day or two ago Mr. Chas. W. Minor bought out Mr. Pennock's interest in the firm of Pennock & Kingham, and is now a part owner of the business formerly conducted by Pennock & Kingham. Mr. Minor is well known as a skillful watchmaker, and the firm will no doubt receive a due share of the public patronage.

Carpet remnants at cost at Hastie & Erskine's.

THE LEGISLATURE.

The Government Wanted to Hold a Caucus over the Estimates.

FRIDAY, March 20, 1891.

The speaker took the chair at 2 o'clock.

The following new bills were introduced:

Mr. Kellie—An act respecting the incorporation of railway, tramway, telephone and telegraph companies.

Hon. Mr. Beaven—An act to incorporate benevolent and other societies.

Mr. Brown—An act to amend the "Suitors' fund act, 1890."

Mr. Brown moved that the correspondence between the department of lands and works and the Bishop of New Westminster, relative to a certain reserve in suburban block XII, New Westminster city, be referred to a select committee, consisting of Messrs. Hunter, Croft, McKenzie, Cotton, and the mover, with power to send for persons or papers, and to report to this house.

There was no opposition offered to the request and accordingly it was granted.

Hon. Mr. Turner moved that this house will on Monday next resolve itself into a committee of ways and means for raising the supply to be granted to Her Majesty.—Carried.

The house then went into committee on the assessment act, and did not rise to report progress till six o'clock.

NOTICES OF MOTION.

Mr. Rogers, on consideration of the Ashcroft and Cariboo Railway, to make section 1 read so as to make the initial point between Ashcroft and Kamloops.

Hon. Mr. Beaven, to ask for an address to the Lieut.-Governor, praying him to cause to be sent down to the house a copy of the report or ballot paper account made by each provincial returning officer in the year 1890 to the registrar of the supreme court, under section 125 of the election regulation act and amendment.

Mr. Kitchen—To move on consideration of committee on the assessment act, to make the second section of the bill read, "But improvements upon any part of land owned by any person shall be deemed to be improvements upon the section adjoining land of such person to the extent of 640 acres, when such land has not been alienated from the crown for more than four years; or, improvements to the extent of five dollars per acre when the land has been alienated from the crown for more than four years," and by inserting after the word acre, on line 5, the following words: "when such land has not been alienated from the crown for more than four years, or improvements to the extent of two dollars and fifty cents per acre when the land has been alienated from the crown for more than four years."

Mr. Kitchen, on consideration of the report on the Supreme Court Act, in effect to place the Alberni electoral district and the Cassiar district in the Victoria judicial district, the Nanaimo city electoral district, and the Nanaimo electoral district to form one judicial district, to be known as the Nanaimo judicial district. The East and West Kootenay electoral districts are to be taken out of the Victoria district, and to be formed into the Kootenay judicial district.

Mr. Hall, on consideration of the report on the Assessment bill, to add after the word "acres" in the last line of section 2 thereof, the words "except when the lands adjoining such improved lands are suitable only for pastoral purposes, and where the business of farming and stock-raising are jointly operated, in which case the value of the improvements shall apply towards exempting from the wild land tax such adjoining pastoral lands."

Toronto Takes the Cake.

Who would have thought it was left for Toronto to produce the greatest the world ever knew? but such is the case. Imperial Cream Tartar Baking Powder is the most wonderful ever invented. It makes the most elegant biscuit ever eaten. Sold by grocers.

Wisdom's Violet Cream

Is the most exquisite preparation in the world for softening and whitening the hands and face. It is not only a substitute for, but in every respect superior to glycerine, cold cream, vaseline, and like preparations. Try it.

D. E. Campbell, Agent.

Evangelistic Meeting.

The evangelistic meetings at the Baptist church are being conducted with great power by Mr. Cairns. He is a wise and successful leader as well as a good preacher. The attendance and interest in the meetings have been good and quite a number have taken a public stand for Christ.

Mr. Cairns expects to stay over another week holding meetings on Sunday and every week day except Saturday.

A Railroad Transferred.

Friday afternoon there was held in the Royal City an important meeting of the representatives of the Great Northern Railway and the directors of the Westminster Southern. It was for the purpose of completing the transfer of the new line from Liverpool to Blaine from the present owners to the Great Northern people, and after some examination and discussion the deal was closed up, the sum of $117,308.09 being received by the directors for their road. The actual amount expended was $103,000, to which sum 8 per cent. per annum for interest was added. Mr. Larrabie, for the Great Northern, was something of a stickler in the item of interest, contending that it should be only 6 per cent.; but 8 had been paid for its loans by the local company and that figure prevailed. Besides the repayment of the sum above mentioned, each of the directors was allowed $1000 in paid up stock. Mr. Thompson made a proposition to buy up this stock at par value, and each of the directors present sold out, feeling, no doubt, that the stock would be no advantage to them as an investment, and its sale would enable the road to go entirely over to the new owners.

President J. J. Hill, of the Great Northern Railway, is expected out here in a few days to make future arrangements, and it is also understood he will on this trip arrange for the extension of the line to Vancouver at once. Such a move would be a step in the right direction.

Grand $5,500 Consolation Reward List.

In addition to the above list, we offer the following grand $5,500 Consolation Reward List for those who compete in all the five classes. These rewards will be given to those who most correctly answer all the above questions.

1st Reward	$2,000 in
2nd Reward	$1,000 in
3rd Reward	Grand Piano valued a
4th Reward	$500
5th Reward	$300
6th Reward	Ticket to Europe and B
7th Reward	Gent's Gold
8th Reward	Lady's Gold
9th Reward	Hunting Case Silver
10th Reward	Boy's Silver

20 Rewards of $5 each; 40 rewards of $3 each; 100 rewards of $2 each; 200 rewards of $1 each. Making a total of 370 Rewards the value of which will exceed $5,500.

RULES.

1. You can compete in one or more of the above classes.
2. Send one dollar with answers for CLASS you compete in, and the CANADIAN AGRICULTURIST will be mailed to you six months for each dollar received. That is, if you compete in all five classes, and send $5, you can have the paper for 2½ years, or you can have it for five different persons for six months each.
3. Those who compete in all five classes will be entered as competitors in the Grand Consolation $5500 Class.
4. All rewards delivered free.

Two dollars a year is the regular subscription of AGRICULTURIST.

The CANADIAN AGRICULTURIST is the only family Journal in America, is handsomely illustrated, eminently THE paper for a home. At $2 a year is the cheapest and best paper in the market. Remember you are paying for six months' suscription to one of the best home papers in America, and at the end you will run a good chance of securing a snug little reward.

The following gentlemen have consented to act as judges, and their decision will be final: COMMODORE CALCUTT, Proprietor Calcutt Line of Steamers, Peterborough, Ontario; V. H. YOUNG, United States Consul, Peterborough, Ontario; D. O. FOYE, General Manager Ontario Telephone Company, Toronto.

This great Bible competition will be conducted with the utmost fairness and honesty, and the distribution of the rewards will be in the hands of disinterested parties, who will show no favors.

The competition will close on June 1st. Ten days thereafter being allowed for answers to reach us from distant points. A full list of prize winners will at once be published in the CANADIAN AGRICULTURIST. Remember, no charge for entrance money and you get a good live paper and full instructions. Address your letters to ADAM, AGRICULTURIST, Peterborough, Ont.

BRITISH FARMER DELEGATES.

Report of Their Trip Through Canada—What They Say of British Columbia.

The British tenant farmer delegates who visited Canada recently, and stayed a day in Victoria, have reported on their trip and the reports have been printed. Of course they cannot be looked upon as anything in the shape of exhaustive reports, from the flying nature of the visit which the delegates paid. A great deal of the matter is taken from pamphlets published by the various governments, but principally from the publications of the C. P. R., and thus in many instances the writers make, or rather copy the same mistakes. Victoria is the principal sufferer in this respect; in fact nearly all the notice it gets, beyond a few commonplace remarks on its beauty which no one can avoid seeing, is taken from the Canadian Pacific guide books. The population is set down in all the reports but one, at 15,000, and in that one it is not mentioned at all. Mr. J. T. Wood's is the most extensive report on British Columbia, and is as follows:

The province may be described as generally densely wooded, and, to a very great extent, unexplored; yet it is known to possess immense mineral wealth, and probably the finest coniferous timber in the world. Compared with the rest of Canada the available area of agricultural land (other than the uncleared forests) is small, much of it is, however, very productive, and capable of growing the very finest fruits and cereals.

The climate of Vancouver Island and the coast districts of the Mainland already populated is equable and good, and much resembling that in the more favored districts in the south of England, though with a heavy rainfall; the combination produces a luxuriance of growth. Snow is seldom known to lie. The climate of the interior of the province varies considerably, the extensive valleys lying between the mountain ranges being subject to warm days and cold nights.

Vancouver Island is well wooded, yet a considerable portion of arable land may be obtained, and this will, in all probability, be utilized in the production of butter, poultry, eggs, fruit and vegetables for the supply of the populated districts.

The Chinese population in Victoria are excellent market gardeners, and compete with the Canadians in producing saleable vegetables; there are, however, many emigrants who understand dairy work, and a good living is obtainable from a small farm, the shortness of production maintaining excellent prices.

The city of Victoria is beautifully situated on a lovely harbor on the southeast coast of the island, and here the value of real estate would appear to be a decidedly improving one. There is an electric tramway running to Esquimalt, and the city is lighted by electricity. The buildings are substantial, and the people thoroughly English in style and feeling. A railway connects Victoria with Nanaimo, which is at present the seat of the coal-mining industry of the province. Here and at Wellington about 3,500 men find employment, the output being approximately 550,000 tons per annum, of which 500,000 is raised for export. This has been proved to be the best coal obtainable on the Pacific coast. All kinds of hardy and half-hardy fruits flourish, such as pears, plums, peaches, nectarines, grapes, quinces and apricots; and I shall long remember the enormous crop of beautiful apples, the weight of which in innumerable instances bringing the branches of the trees to the ground.

The city of Vancouver is the terminus of the Canadian Pacific railway, and is built on the shore of a splendid harbor. Its population in 1886 was 600; in 1888, 6,000; and in 1889, 15,000; it is therefore not surprising, when the extraordinary extension of the city is considered, that the value of building lands has increased by leaps and bounds. Electric lighting, electrical trams, gas and water works, are established; and when the overland traffic to China and Japan is fully developed, Vancouver must become a great shipping port. The magnificent growth of the trees and cedars in the vicinity of the town renders farming practically impossible; the day is near, however, when these giants of the forest will be turned to account, and a lumber industry of an extensive character further developed. As instances of the grandeur of the specimens of conifers to be found, I may state that trees of remarkable straightness and quality were measured 54 feet, 35 feet, 36 feet, and 9 feet in circumference at four feet above the ground level.

New Westminster is a rising town, of probably 8000 inhabitants, and owing to its situation on the bank of the Fraser river (about 16 miles from its mouth), is within easy communication by steamboat and road with the best agricultural lands in the coast districts of the province. I may at once say that in my judgment I have never seen better land for all round farming and gardening purposes than the rich black soils of Lulu Island and other delta lands of the Fraser. There are probably 50,000 acres of these strong and rich alluvial deposits, which five or six years ago could have been purchased for 4s. and 5s. an acre. Such, however, is the opinion of the present owners, that £15 to £20 an acre now is asked; and, when its comparitive proximity to the rapidly increasing cities is considered, in conjunction with its capability to produce the heaviest crops obtainable in any country, its present price must still be reasonable. There is nothing this land and climate will not produce which now goes to make up the £350,000 worth of farm and garden produce annually imported into British Columbia. The lands of the Chilliwhack district are also very fertile, but further removed from the town populations; they are, however, desirable localities for fruit and dairy industries. The Okanagan and other valleys possess 300,000 acres of land suitable for arable farming, and probably 500,000 acres more or less suitable for grazing. I was not able to visit this neighborhood, but from the products exhibited, and the information obtainable, it is clear that this is a productive country. I have beside me while I write, several well-grown and well-ripened ears of Indian corn raised there; and the cultivation of wheat and other cereals is proceeding so satisfactorily that in 1890 20 tons of binding twine were sent into Okanagan Valley, which is now being opened up by a branch railway from Sicamous, on the Canadian Pacific railway.

The town of New Westminster is destined to become the manufacturing city of the mainland of British Columbia. Already energy and capital are developing the valuable resources of the district. Extensive lumber mills are in operation; the salmon-canning industry is very largely conducted, giving employment during the season to 5000 workmen; woolen and cigar factories are started, and machine shops and foundries at work. A branch of the Canadian Pacific railway runs into the town, and the Northern Pacific railway has a terminus also; so that by sea and by rail it may be said to be in touch with almost every part of the globe. Good laborers are paid good wages here.

The mineral resources of British Columbia constitute its greatest wealth, and the gold, coal, silver, copper, iron, and other minerals are widely distributed.

A-BYLAW

To Establish the Grades of Streets Within the City of Victoria.

Whereas it is expedient to establish the grades of certain streets, avenues and walks within the city of Victoria

Therefore be it enacted by the Mayor and Aldermen of the Corporation of the City of Victoria as follows:

1 From and after the final passage of this by-law the grades of the streets, avenues and walks set forth in the schedule hereto shall, at the points set forth in the first column of the said schedule, be at the elevations set forth in the second column of the said schedule, and that between the different points mentioned, where the grade is specifically fixed, the grade shall be uniform and true subject to clause 3 hereof.

2 Elevation shall mean the height above datum which is 100 feet below mean high water mark.

3 Wherever it may be deemed necessary, expedient or convenient, the grade Commissioners, for the time being, may establish any point or points as the grade along any of the streets mentioned in the schedule hereto intermediate between the point of intersection of the centres of said streets, or any of them, and thereafter the grade along said streets or any of them as aforesaid, shall be uniform and true between the centre of intersection of the streets or any of them, in the schedule hereto and the point hereafter to be established along said streets, and in case more than one point be established, then the grade shall be uniform and true between each of the said points.

4 Any person owning or occupying or having an interest of any kind in any lot abutting upon any street in the City of Victoria, may at any time after the passage of this by-law apply to the Corporation of the City of Victoria for the grade of that portion of the street fronting his lot and it shall thereupon be the duty of the said Corporation, upon payment of the sum of five dollars, to cause such grade to be given in accordance with this By-Law.

This By-Law may be cited as the "Streets Grade By-Law 1891."

Passed the Municipal Council the 18th day of Februarv, A. D., 1891

Reconsidered and finally passed this 18th day of March, A. D., 1891.

(L. S) JOHN GRANT.
WELLINGTON J. DOWLER, Mayor.
C. M. C.

A BY-LAW

To Amend the Revenue By-Law, 1889.

Whereas it is expedient to amend "The Revenue By-Law 1889."

Therefore be it enacted by the Mayor and Alderman of the Corporation of the City of Victoria as follows:

Section nine of of said "Revenue By-Law 1889" is hereby amended by striking out in the second line thereof the words "if running at large."

This By-Law may be cited as the Revenue By-Law Amendment By-Law 1891.

Passed the Municipal Council this 18th day of February A. D. 1891.

Reconsidered and finally passed the 18th day of March A. D. 1891.

(L.S.) JOHN GRANT,
WELLINGTON J. DOWLER, Mayor.

GILMORE AND McCANDLESS CLOTHIERS & HATTERS

PAWS: Pause a moment before you throw money away by paying too much for your Spring Clothing, or, what is more aggravating, buying a suit so ugly that you get mad at yourself every time you look at it. You won't do this if you strike the right place. One swallow does not make a Summer, nor does a dozen suits make a Clothing Store. We've got more stock than any other Clothing Store can show you, and our prices are as low as our stock is large.

Boys' Suits from $2.00 up.

Men's Suits from $5.00 up.

The finest range of Neckwear in the city.

We are closing a line of Mackintoshes at from $7 to 11; they all go for $5.

Men's Pants from $1.50 to $6.50.

In fine goods we have exclusive lines made to our own pattern and equal to custom made goods; prices $5.50, 6.00 and 6.50, same goods custom made $9, 10 and 11.

About 10 dozen of our $1.00 all wool overshirts still on hand. Come and see us.

Address THE TIMES P. & P. COMPANY, WM. TEMPLEMAN Manager

WHY NOT A PUBLIC MEETING?

Has it never occurred to the representatives of this city that by calling a public meeting they would be able to ascertain whether their position on the school bill meets the approval of the people or not? Certainly, before this bill becomes law there should be an expression of public opinion concerning it. The Government are brazen, but are they brazen enough to pass a bill of this kind in the face of the Opposition of the wealthiest and most populous city in the Province?

TIT FOR TAT.

The complaint is made that excessively high valuations are being put on Canadian goods shipped into the United States. This grivous circumstance is attributed to the ignorance of the United States custom house officer. The fact is, however, the officer is carrying out a new provisin of the United States customs laws. "How it works," says the London Advertiser, may be illustrated in the case of a horse purchased for shipment to the Detroit, Buffalo or New York market. The dealer, we may suppose, purchases the animal from a farmer at $120, and if he succeeded in entering him at the same figure at the custom house the duty will be only $30. But the customs officer under the new law may refuse to enter the animal at $120, and place upon him instead a valuation of $160. In that case the duty is calculated at 30 per cent., so that instead of the exporter paying a fee of $30 to Uncle Sam's collector he is obliged to pay $48."

But, explains the Advertiser, the trick is not original with Uncle Sam. "He learned it from ourselves." "It is one of the inventions of that distinguished statesman and economist, Hon. MACKENZIE BOWELL."

THE DIFFERENCE.

The difference between a Canadian Tory sheet and a British Tory newspaper in their treatment of American affairs is broad and deep. Compare one article entitled "Lynch Law," in the Colonist, with the utterances of the London Times on the same subject. Says the Times:

It is all very well to deprecate a resort to violence, but in such circumstances as these what way is there for emancipating a community from the intolerable tyranny existing but to resort to violence? The law requires a trial by jury, and the trial by jury has been reduced to a farce by the knowledge possessed by every juryman that if he convicts a member of the Mafia his life is not worth a week's purchase. It is really a misuse of language to speak of it as a resort to violence. Among the men who were lynched there may have been some who did not actually fire at Hennessey, but it is not pretended there were any who were not members of the detestable society that decreed his death. That being the case, it is impossible to feel any acute distress because, in the midst of the violence they had rendered indispensible, they have been somewhat more severely punished than if they had been leniently dealt with.

Further, says the Times, "when courts are dominated by criminals there is nothing to do but go back to first principles. The obtuseness of the Colonist in failing to recognize the true inwardness of the Mafia affair contrasts strangely with the utterances of the British "Thunderer."

CAN'T MAKE HIM A GENTLEMAN.

JAMES I., on being requested by his old nurse to make her son a gentleman, answered to this effect: "I'll mak' him a baronet gin ye like, luckie; but the de'il himsel' couldna' make him a gentleman."

The London Advertiser makes use of the foregoing to illustrate the case of Sir CHARLES TUPPER, whose own "wire pulling and pipe laying made him a baronet, but no power on earth could make him either a gentleman or a statesman." This is severe on Sir CHARLES, and what is more, there seems to be some ground for it. Sir CHARLES has no political morality worth mentioning. A few years ago he was of opinion that no civil servant should engage in Federal elections. This principle Sir CHARLES exemplified in the recent election to an ideal degree, that is to say, he not only took the stump, but lied of and traduced his opponents to a degree hitherto unknown in Canadian elections. Sir CHARLES will probably reply "that treason was abroad; that the country was in danger; that it was a lively sense of love of country that induced him to step from the lofty plane of the High Commissionership to engage in the struggle."

The feature of the business, however, which would be comical only that it reveals the rank charlatanry of TUPPER, and, indeed, the whole Tory tribe, is the announcement that though the campaign was fought on strict restrictionist lines, the Government is about to submit to the United States a broad and comprehensive plan of reciprocity. Common courtesy will require that BLAINE meet the Tory commission with a straight face, but if he fails privately to twit them of their sudden conversion to Liberal principles, it will be because his sense of humor has been worn out by the attrition of reciprocity treaties.

A NICOLA RAILWAY.

"It never rains but it pours" applies to projected railway enterprises in British Columbia at the present time. In the Nicola section two charters for lines practically coterminous have been applied for by different companies. The promoters of the Nicola, Kamloops & Similkameen railway are:—JOHN F. ALLISON, of Princeton; A. E. HOWSE, Nicola; R. H. LEE, Kamloops, A. M. NANTON, Winnipeg; WM. H. MERRITT, Toronto; SANDFORD H. FLEMING, Ottawa; FRANK A. FLEMING, Toronto; C. H. KEEFER, Toronto; GEO. F. HARMAN, Toronto, and C. N. SHANLY, Toronto. The company proposes constructing a line of railway from Spence's Bridge, on the C.P.R., to the Nicola river; thence along the Nicola and Coldwater rivers to Princeton, and thence along the Similkameen to the boundary line; also from the junction of the Nicola and Coldwater rivers in a northerly direction, past Nicola and Stump lakes to Kamloops. The projected road would open up one of the finest districts of the province, a region rich in mineral and agricultural resources. Without railway connection, these rich valleys, capable of sustaining a large population, will remain unpeopled and undeveloped. The primary object of the promoters is to open up the country, to encourage settlement and to utilize the vast mineral wealth which without a railway will remain practically worthless. Mr. HOWSE, of Nicola, is an enthusiastic advocate of the scheme.

EDITORIAL NOTES.

Mr. COLBY being without a seat, somebody has kindly offered to give him Brome, where the vote of the returning officer gave the Conservative candidate a majority of one, subject to be obliterated by the recount. This generosity should bring tears to the eyes of the famous opponent of reciprocity in anything.

"A man's vanity," says DOROTHEA LUMMIS, "can survive anyshock except that of knowing himself seen through by a woman." If the women would but take the pains to study the Premier, they would be able to see through him, and with the vision of his perfidy before them in disfranchising them as voters for school trustees they could not help but make him know it. How badly the Premier would feel were he able to assure himself that the "women folks" were "on to his little game."

If, as Sir Charles Tupper now says, "the Liberal party of Canada are not more friendly to the American Republic than the Conservatives," then all the stock assertions of Sir Charles' organs and followers about the Liberals being annexationists, or men who desire to sacrifice Canadian to American interests, are so many falsehoods. Sir Charles has furnished the refutation to his own allegations.

Thus comments the Ottawa Free Press, and certainly it is curious to note how the Tories trip and stultify themselves in their political movements, Sir CHARLES stigmatised the Liberals as traitors, and yet he declares the Liberals not more friendly to the Americans than the Conservatives. Is the Vancouver Telegram prepared to swallow this dictum?

With the exception of the Empire and the Vancouver Telegram the word "treason" has ceased to be an active factor in the Tory vocabulary. We cannot help observing that it has always been a favorite term with Conservatives. It is a term they apply to every reform movement, to every endeavor at freedom from the obsolete shackles of the past. The movement for the abolition of feudal rights was treason, and so was the movement to give the Methodist clergy the right to celebrate a marriage—a movement to abolish one of the absurdest restrictions Tory imbecility ever devised. So were the movements to abolish all religious inequalities, and to extend the franchise. When the first railway was incorporated in 1831, the Tories insisted that if the line touched the American frontier British supremacy would be at an end. The word "treason" has been used as a convenient shibboleth to denounce every reform and every step in the right direction that has saved Canada from relapsing into barbarism. And yet the Empire and the Vancouver Telegram continue to howl the same old refrain. Where are their wits? They never had any. Had they been the lucky possessors of wits they would never have been Tories.

The Colonist charges THE TIMES with "being "demoralized:" Coming from any other source THE TIMES would regard the charge with concern and seriously investigate itself with a view to mental reorganization and the attainment of the mental and moral perspicuity which distinguishes its contemporary. So long, however, as the Colonist lends itself to School bills nominally reformatory, but essentially retrogressive; so long as the Colonist lends itself to land bills conceived in hypocricy and sustained by monumental ignorance, and on top of these tries to make it appear that the Hon. BLAKE is a National Policyist, so long as the Colonist lends itself to these, the charges against THE TIMES have more virtue than that of filling space. If they are read at all it will only be to go in at one ear and out at the other.

An Old Friend.

Nearly all old Caribooites, and many Victorians, will remember the genial and kind-hearted Tom Pattullo, who not a few unfortunate miners have had reason to bless for his generous open-handed generosity. Peace to his ashes. In "The Journalist" of the 14th inst., published in New York, is found on its first page an excellent photo of Tom's brother Andrew, who is President of the Canadian Press Association with which is a very flattering account of Mr. Pattullo's success as a journalist. He is editor and principal owner of the Sentinal-Review, of Woodstock, Ontario. As evidence of the reputation he enjoys among his brother journalists, "The Journalist" says: "Among the many crisp and keenly Canadian editorial pages printed in Ontario each day, there is none more quoted, and that is fruitful of more food for thought on the affairs of this young country than that which is furnished with sparkle and body, from the busy well-stored brain of Andrew Pattullo."

G. H. Turner's Brochure.

This office is in receipt of a brochure entitled "Before the Council, or Social Life in Victoria, B. C," by George H. Turner. As the brochure only came to hand this morning it is impossible to discuss it with reference to its merits and demerits. It may be said, however, that it is an attack on the Moral Reform Association of this city, and apparently also, is a plea for "single tax." The clergymen are scored, and in the following excerpts taken at random it is clear that the author is not in love with Mr. Vernon's land bill. "The land shall not be sold *forever*," says the author. "No man has any exclusive right to the earth." "There is no justification in the Scriptures for private property in land," etc. Mr. Turner evidently, is a radical.

The Cariboo Election.

If Mr. Barnard turns the scale in Cariboo for Sir John Macdonald it is only be by a very close vote indeed. His majority of eleven yesterday is not only been lessened, but has been a sense reduced by double the figure for one place heard from gives Mr. Watt a majority of nine to-day. Soda-ley polling place gave Dr. Watt 20 votes and Mr. Barnard one. If this is any indication of the bent of popular feeling, Dr. Watt's election is sure, and British Columbia will have established a record for itself.

The poll stands:

Watt	
Barnard	
Majority	

Death of Mrs. Garesche.

A private dispatch reached here yesterday afternoon announcing the death in San Francisco of Mrs. Garesche, well known in this city, and mother of Mr. Garesche, of the banking firm of Garesche, Green & Co. She resided in this city for a number of years but latterly has resided in San Francisco. Her husband who started the banking business—Garesche, Green & Co. was lost on the steamer Pacific, and she retained an interest in it until her son was capable of taking it over. She leaves a son and daughter, the former, George Garesche of this city, immediately left for San Francisco on the receipt of the news.

A report was circulated this morning that she had been killed by an accident, but the report was not verified.

A Work of Art.

The illuminated address presented to Mayor Grant by the council of 1891 is on view in W. & J. Wilson's store, Langdews, Government street. Its brilliancy of coloring and beauty of design set forth expressions of praise from all who see it, while the substance matter of the complimentary address to the mayor is appreciated for the terse and elegant way it conveys the best wishes of the gentlemen of the board and citizens generally.

Should be Loosened.

A cough should be loosened at once and all irritation allayed. To do this nothing excels Hagyard's Pectoral Balsam. Obstinate coughs yield at once to its expectorant, soothing and healing properties, which loosen phlegm and allay irritation.

Agency.

Allan, Anchor, Cunard, Compagnie General, Guion, Hamburg-American, Inman, North German Lloyd and White Star Lines. Berths secured in advance by telegraph free of charge. Orders issued for pre-paid passages from Great Britain or the continent to this city at lowest rates. Money orders issued on Bank of British Columbia, Victoria, and Bank of British Columbia, London, England.

Children Cry for Pitcher's Castoria.

HESS OPERA COMPANY.

Including Francesca Guthrie, the Renowned Prima Donna.

The musical event of the season will occur this evening at the Victoria Theater, when the Hess Opera Company, with an array of brilliant artists, chorus, and magnificent orchestra, will present Verdi's romantic grand opera "La Traviata."

This splendid company has a repertoire of twenty grand operas, and just completed fourteen weeks' run of unprecedented success in San Francisco, and later two weeks in Portland, Ore.

Mr. Peter Robertson, of 'Frisco, the leading critic of the Pacific coast, pronounces

MISS FRANCESCA GUTHRIE.

the greatest dramatic soprano in America to-day. The Portland Oregonian says of her singing in "Traviata": "The large audience at once recognized in Miss Guthrie the great artist she is. Her success was instantaneous. In the succeeding performances of "Carmen," "Rigoletto," "Martha," and "Lucia de'Lammermor," she sang and acted them all in a manner superior to any prima donna who has appeared in this city. It is no exaggeration to say that, in comparison with the late Emma Abbott, or with Emma Juch, Miss Guthrie stands above them both as a dramatic and vocal artist."

The News-Advertiser of Vancouver, B.C., says: "Miss Francesca Guthrie as Violetta in "Traviata" kept the house in a trance of pleasure from the rise to the fall of the curtain. Her magnificent voice was heard to great advantage in the difficult but fascinating music that falls to her role, and a voice of greater compass or flexibility or more delightfully rich and sweet it is almost impossible to conceive of.

Her conception and execution of her role of Violetta, was simply perfect. William Merteuse, the magnificent baritone, shared the honors of the evening with Miss Guthrie."

The Tacoma Daily News: "Miss Guthrie scored a distinct triumph and was greeted with a round of applause at each appearance. There was a world of feeling in every tone that fell from her lips and justified the unanimous expressions of the large audience, that she is the undoubted prima donna of America."

Performances will be given also on Monday and Tuesday evenings next and the company should be greeted with crowded houses. No better company of artists and musicians has ever visited our city.

BRIEF LOCALS.

One Day's Doings in City and Province Briefly Related.

Large line of Art Squares at Hastie & Erskine's. *

The now famous smuggler sloop Alert has again been captured by the U. C. customs officials.

Ladies rubbers 25 cents at Martins, 47 Johnson street. *

PERSONAL.

Movements of Well Known People in Various Directions.

H. H. Lloyd, of Port Townsend, is in the city.

His Honor Lieut.-Governor Nelson is still confined to his residence by illness.

Miss Francesca Guthrie, the renowned prima donna, occupies elegant quarters at the Driard.

R. L. Patterson, manager of Miller & Richards, Toronto, arrived from Vancouver last night and will remain until Wednesday, when he returns east via San Francisco.

F. B. Gregory, who has been to Alaska on business connected with the seal fisheries, will arrive over from Port Townsend this evening, he having returned by the Topeka.

Charles D. Moyer, manager of the Hess Grand Opera company is an elegant gentleman, and promises our city the finest performance of grand opera at popular prices. The company consists of suberb artists, full orchestra and magnificent costumes.

A Hint to the Council.

The approach of summer reminds one of many journeys to the driving park and other popular resorts on the Fort street route, but it also reminds not only the pedestrian but the driver that this route, from the junction of Yates street out to the city limits is utterly inadequate in width for the traffic thrust upon it on any public holiday, or on the occasion of some popular event at the driving park or elsewhere. Last year there were numerous accidents. Each day of the races, and particularly on the Queen's birthday and the visit of the Duke of Connaught to the hospital, there were accidents to chronicle on this route. Parties were thrown into the ditch; several were injured and quite a number of vehicles were wrecked. This was inevitable in view of the narrowness of the thoroughfare. It is only with careful driving that two vehicles can pass at certain spots, and in this case there is no protection whatever for the person on foot. It is understood that the city would have little or no difficulty in acquiring the space to widen this portion of Fort street, in fact a petition has been presented to the council by the property owners of this section praying that steps be taken to make this a sixty foot thoroughfare.

Dry Dock Rates.

It had been decided that the steamer Yosemite should go into the dock today, but on account of the news received from Portland that the Batavia had grounded, the dock will be kept open for her. The Yosemite will follow her, so it is likely that the steamer Sea Lion of Port Townsend, which came over here this morning to be docked, will have to wait for some time

ONE OF THE THINGS
we are apt to grumble at
IN FRANCE,

THE providing of one's own soap at hotels! Permit me to remark that this is one of those things

They do manage better in France

than we do here. I am strongly of opinion that every one when travelling should carry his or her own soap as one takes one's own hair-brush or sponge. It is much more cleanly, and there can be no better providing in this respect for the hot sun and warm winds and dust of travel than a cake of

PEARS' SOAP

which, under such circumstances, I have found very efficient in the prevention of sunburn and allied annoyances.

THE SENATE OF THE UNIVERSITY.

TO THE EDITOR:—It is to be hoped that the bill respecting the University, now before the legislature, will receive more careful consideration from that honorable body than was accorded the similar bill passed last session. Though the present bill is, in point of manner and of form, a decided improvement on its much-abused predecessor, yet no one need give it a very lengthy or critical perusal in order to see that it contains, in its essential points, features to which strong objection may, and should, be taken. It is of the utmost importance, at this early, yet critical, stage of the University question, that nothing be done which may have a tendency to divide those whose harmonious co-operation has secured for the University its present measure of success, or which may lead an interested public to think that the grand project of a Provincial University is but a disguised pretext for sectional aggrandizement at the expense of the whole province. The powers proposed to be conferred upon the Senate are so extensive and its composition is so unique that one naturally wonders if the gentlemen who drafted the bill had not some object in view beyond the establishment of the much-needed Provincial University.

The bill provides that the Chancellor, the Vice-chancellor, and all the members of the Senate and of convocation shall form a body corporate with power to hold property and dispose of it to any manner deemed expedient for the interests of the University. But it will be observed that a subsequent clause proposes to invest that portion of the corporation known as the Senate with powers and functions transcending even those of the corporate body. Not only is the Senate to have supreme control of the internal arrangements of the University, such as the appointment and the dismissal of professors and the granting of salaries, but it is also to have the management of the property and the determination of the site of the University. The clause reads thus: "The Senate for the time being shall have the entire management of and superintendence over all the affairs, concerns and property of the University, and *in all cases unprovided for* by this Act it shall be lawful for the Senate to act in such manner as shall appear to it best calculated to promote the purpose intended to be promoted by the University." It will be evident that it is the duty of the legislature to see that the Senate clothed, as it is, with such extensive powers, shall be a thoroughly representative body and that no particular section of the province shall have such a controlling influence in it as may lead it to postpone the interests of the University to its own selfish ends.

As at present constituted the Senate (which in the Act of 1890 is styled the council) consists of sixteen members made up as follows: Five appointed by the Government, four by the cities of Victoria, Vancouver, New Westminster and Nanaimo; two representatives of convocation (Dr. Powell, the third representative, being a member *ex officio*), one representative each from the Law Society, the Medical Council and the Teachers' Association; the Speaker of the House of Assembly and the superintendent of education. This body represents nearly all the interests—whether governmental, municipal or professional—that are identified with and bound up in the university, and as to its *personnel*, whatever may be said of the other representatives, it is certain that all the appointments made by the government were most judicious, and met with warm approval from all sections of the Province. But what can be said of the proposal now made to increase the representation of convocation to ten? What reason, or what excuse can be offered for even suggesting that the Senate (and so the University) shall be controlled by a body of graduates hailing from all parts of the British empire, many of whom have but recently come to the Province, and may leave it at any time as suddenly and as mysteriously as the came? It is well known that graduates who had been barely two months in the Province were enrolled as members of convocation, and it seems preposterous that comparative strangers should demand a representation of ten on the Senate, while populous cities like Victoria and Vancouver are grudgingly allowed one representative each.

Why should the graduates be represented in the Senate at all? They have not the interests of the University at heart any more than the non-graduates. They do not propose to furnish one cent of the capital required for the maintenance of the University. And yet they claim the right to dictate on all matters pertaining to the University, and to spend, as they think proper, the monies which others may contribute towards the founding of the University. Again, sir, the corporation consists of the Senate and the convocation of graduates, and these bodies should be as distinct as are the House of Lords and the House of Commons in England. It would be as reasonable to expect the House of Commons to insist on being represented in the House of Lords as it would be for convocation to insist on being represented in the Senate. If the graduates are permitted to send representatives to the Senate, then the University will have this novel feature. It will be a corporation consisting of, 1st, graduates resident in the Province, and 2nd, a Senate composed principally of representatives of graduates. Why should those gentlemen have a dual representation? Is it because a majority of the framers of the bill adopted as their motto, *Hic est, aut nusquam, quod quaerimus?*

"The Jersey Lily,"

Is what Millais christened his famous portrait of that celebrated woman who since became familiarly known to the public by that expressive and appropriate name. In turn she has coupled her fame with that of the most celebrated toilette article in existence, as witness what she says:—

ANGLESEA COTTAGE, L.B., July 2

Gentlemen,—Altho' it is very unusual for me to use any lotions or washes, still, in answer to your request, I have tried Wisdom's Violet Cream and Robertine. The former I consider especially efficacious in cases of roughness of the skin, and I have been using it every day for the last fortnight. I have found the Robertine an excellent preparation in cases of tan, sunburn, etc., caused by exposure to March winds and a July sky.

Yours faithfully,
LILLIE LANGTRY.

STOP IT NOW,

SOON IT WILL BE TOO LATE.

I have been troubled many years with disease of the kidneys and have tried many different remedies and have sought aid from different physicians without relief. About the 15th of April I was suffering from a very violent attack that almost prostrated me in such a manner that I was bent over. When I sat down it was almost impossible for me to get up alone, or to put on my clothes, when kind Providence sent Dr. Henley, with the DRAGON KIDNEY TEA, to my hotel. I immediately commenced using the tea. It had an almost miraculous effect, and to the astonishment of all the guests at the hotel, in a few days I am happy to state, that I was a new man. I will recommend the tea to all afflicted as I have been.

The Daily Times.

CITY AND PROVINCIAL.

JOINED THE BRITISH FLAG.

American Sealers Which have Joined the Victoria Fleet.

By the courtesy of Hon. Mr. Milne, collector of customs at Victoria, B. C., through the kindness of Hon. Levi W. Myers, United States consul, I have been furnished with the following list of American sealing vessels which have been placed under the British flag and entered at the custom house, Victoria:

Schooner Thornton	January 14, 1871
Schooner Anna Beck	August 23, 1871
Schooner Onward	September 27, 1878
Schooner Juniata	March 8, 1878
Schooner Alfred Adams	March 15, 1882
Schooner Mary Taylor	November 3, 1883
Schooner Mary Ella	November 10, 1886
Schooner Molly Adams	December 18, 1889
Schooner Walter L. Rich	April 24, 1890
Schooner Rosie Olsen	January 22, 1891
Schooner Oscar and Hattie	March 2, 1891
Schooner Henrietta	March 4, 1891

The eleven schooners have an average capacity of seventy tons each, or 770 tons in all. Consul Myers writes:—"Besides the vessels named above, there are now on the way from San Francisco to Victoria the City of San Diego, Sylvia Handy and the Laura, all of which are entitled already to fly the British flag. They are American-built sealing schooners. There are two or three others to change flags between now and next fall. Of course, during the time named, a number of steam vessels of all sorts and sizes have been transferred from the American to the British colors, but I give you only the sealing schooners." These three vessels now on their way to Victoria make the whole number that have changed their flags fourteen, adding more than 200 tons to the fleet. These vessels are all liable to be seized and confiscated if they go to Behring sea under the flag of the United States, but by going to Victoria and placing themselves under the protection of the British flag they can go to Behring sea and defy the revenue cutters.

If there is an extra session of the legislature, as I hope there will be, one of the most important things will be to memorialize Congress to prevent this discrimination against American vessels. It is doubtful if in the history of the world a parallel case can be found where a nation would allow foreigners to do that for which it seizes its own citizens and confiscates their property. Such actions on the part of our government against our own citizens may be diplomatic but it is not justice. Our legislature should protest against the injury done to the commerce of our state, and every chamber of commerce and board of trade on the Pacific coast should raise their voices in unison and make such a clamor that the government like the unjust judge that feared not God neither regarded man, will yield to the voice of the people, as the unjust judge did to the poor widow out of sheer weariness.

The question has never been presented in Washington in its true light, but if the chambers of commerce take hold of it with a will they will effect a change which will benefit our fishermen and our state.—James G. Swan in the Port Townsend Leader.

Consider This Fact.

The fact that rheumatism is caused by an acid in the blood points to the remedy Burdock Blood Bitters, which removes all impurities from the blood not only poisonous rheumatic humors but even obstinate scrofulous and cancerous taints.

Tourist Spoons and Opera Glasses.

Mr. A. A. Clayton, of the Diamond Palace, Government street, has now completed and ready for inspection, a large stock of tourist spoons, suitable for souvenirs of Victoria. In the bowls of the spoons are etched scenes of the Gorge, Dunsmuir Castle, Mount Baker, and other pictures of Victoria scenery. He has also just received a consignment of beautiful opera glasses, in pearl and Russia leather, which are pronounced the finest ever imported to this city.

She Ran Away.

A young colored girl named Lowe, whose father lives a few miles from this city, was taken out of a questionable house on Yates street by the police this morning. She is only 17 years of age, but for over two months she has been an inmate of the house. she ran away from home some time ago, and as she would not return nor go to the refuge home she was taken in hand by the police. Her father has been sent for, and on Monday his honor the police magistrate will decide what to do with the girl.

A Honest and Fearless Physician.

Many physicians come out honestly and boldly in favor of Paine's Celery Compound, and are not afraid to let it be known that it is a remedy of great value to mankind. We give the opinion of Dr. J. W. Small, New York, corresponding secretary of the New York Medical Association. He says: "I have used Paine's Celery Compound with excellent success in a case of nervous prostration, complicated with severe facial neuralgia and insomnia. Its effects have been those of a nerve tonic and sedative. I considers it to be a valuable therapeutic agent."

This testimony, coming from one of New York's best known physicians, carries great weight, and should induce the doubting and suffering victim to have faith in the greatest remedy known to the medical faculty.

A Missing Business Man

J. A. Ford, who has for some time been a partner in the large grocery firm of Weeks & Ford, on Hastings street and Mount Pleasant, has left for parts unknown. Ford is a Scotchman, and is related to members of a well known firm of wholesale liquor men in Scotland. He has been in Vancouver about four years, serving for some time previous to his partnership with Mr. Weeks in the Hudson Bay Company's store. The firm in which he was a partner was doing an excellent business, and Ford has for some months been growing "too big for his clothes." Lately, owing to his inattention to business, the two members of the firm have not been on the best of terms, and Mr. Weeks has for over a week previous to Mr. Ford's leaving seen very little of his partner, who was supposed to look after the Mount Pleasant branch of the business. On Saturday night Ford obtained a quantity of jewelry and clothes, for which he gave cheques on the firm, although he was not authorized to do so. After that he went on a spree, and on Saturday morning packed up his valise and drove to Westminster, saying that he would return next day. From there he is supposed to have proceeded across the border. These are not Ford's only escapades, for he has behaved in a most shameful and deceitful manner to lady to whom he was engaged to be married. Mr. Weeks has not yet been able to go through the books to see how the accounts stand, but he does not think that his late gay, but deceitful, partner has been able to get away with any amount. Mr. Weeks will continue to run the business himself.—News-Advertiser.

Removed.

The agency of the Dominion Building and Loan Association has been removed to 18 Trounce avenue, in the office of Page & McGregor, real estate brokers, opposite the C.P.R. telegraph office. J. W. Winnett, secretary and agent.

The Best Protection.

As a protection from the results of colds, sprains, bruises, burns, sore throat, and all painful diseases, Haggyard's Yellow Oil holds first place. Its efficacy has been proved thousands of times. It should be found in every household.

To be Kept Clear.

The city police have been instructed to see that the by-law pertaining to the leaving of rubbish on the footpaths is enforced. In the past it has been quite in order to see piles of broken boxes on the sidewalks, for indefinite periods, but in the future the same will have to be carted away after reasonable time has elapsed.

Frank Beard.

Mr. Frank Beard, the eminent caricaturist and lecturer, kept all his promises by thoroughly pleasing the audience that greeted him at the Victoria theatre last evening. His pictures were drawn quickly, so that his audience was kept laughing from the rise to the fall of the curtain. Every picture told a story of the amusing side of life, and the frequent rounds of applause clearly proved that the audience were well satisfied.

The Demorest Medal.

Next Monday evening the ladies of the W.C.T.U. will give another of the series of Demorest contests. Those taking part have spared no pains in their preparation and it is expected that this contest will be even more interesting than those already held. The medal which will be awarded to the most successful speaker has been sent from New York by the donor. Special music has been prepared for the evening. Admission will be free, but a collection will be taken up.

An Ancient Process.

The drop curtain painted by J. L. Hopfenzitz for the Victoria West hall, is undoubtedly the largest piece of work of its kind, on the coast. The picture is from the painting of the interior of a Roman bath, by the celebrated French painter Boloungner, and Mr. Hopfenzitz has used the encaustic process executed by the ancients to preserve their pictures. The main ingredient used to convey the colors in the vehicle is wax, which will preserve it for years. The process is very seldom used in large work, the usual way being to use water colors. Every one who has seen the curtain admires it and it truly shows that the artist is thoroughly conversant with the process that he has employed.

A Coming Concert.

In another column will be found notice of a first class concert in aid of the Victoria West Presbyterian church building fund, to be given under the direction of Prof. Fenwick and the choir of St. Andrew's church, in Victoria West hall, on Tuesday evening, 24th inst., at 8 o'clock. This is not the first or only contribution of St. Andrew's to this new enterprise. Besides liberal subscriptions from individual members the board of management, at their last meeting, donated material to the value of not less than $300 towards the new church. It is expected to let the contract at an early date for a building to cost about $2000, on the beautiful site, corner of Mary and Henry streets, secured for this purpose last summer.

Amateurs at Victoria West.

The Victoria West Amateur Dramatic society chose a good play in "Ten Nights in a Bar Room," which they presented for the first time in their hall last evening. Every performer took his or her part off with credit and the young people may well feel proud of their first appearance on the stage. The hall was well-filled and all those who attended were much pleased with what they had seen, a difficult play well performed by amateurs. The following is cast:

Sample Switchel	A. W. Semple
Simon Slade	J. L. Hopfenzitz
John Morgan	A. R. Oldershaw
Frank Slade	T. P. Watson
Harvey Green	J Campbell
Mr. Romaine	W. S. Craig
Willie Hammond	G. Baker
Mrs. Slade	Miss Oldershaw
Mrs. Morgan	Miss Campbe l
Mary Morgan	Miss Copeland
Mehitable Cartwright	Mrs. Semple

The play will be presented again this evening when undoubtedly the hall will be crowded.

Dinner to Mr. Matthews.

Mr. E. W. Matthews was entertained at dinner at the Driard House last night, on the eve of his departure for Winnipeg, by a party of twenty-five friends, composed of representative business men. As manager in Victoria of the Dun Wiman agency, Mr. Matthews has won the confidence and esteem of the business public, and at the same time earned promotion in the firm to which he belongs. The chair was occupied by Mr. Dixi H. Ross and the vice chair by Mr. George Jay. The dinner was an elaborate affair, prepared and served with the customary faultlessness of the Driard House. The toasts, speeches, songs and recitations were many and entertaining, the novelty of an original song by Mr. J. Stuart Yates—the subject being the guest of the evening—adding an additional zest to the proceedings. The company separated about 12:30, in time to escort Mr. Matthews to the steamer, when he was again wished bon voyage. Mr. Matthews left this morning for Winnipeg, to assume charge of Dun Wiman's office there.

Children Cry for Pitcher's Castoria.

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes

That Tired Feeling

creates an appetite, purifies the blood, and, in short, gives great bodily, nerve, mental and digestive strength.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite." ED. JENKINS, Mt. Savage, Md.

Fagged Out

"Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." B. C. BROOLS, Editor Enterprise, Belleville, Mich.

Worn Out

"Hood's Sarsaparilla restored me to good health. Indeed, I might say truthfully it saved my life. To one feeling tired and worn out I would earnestly recommend a trial of Hood's Sarsaparilla." MRS. PHEBE MOSHER, 99 Brooks Street, East Boston, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. Insist upon having

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

COAL

The New Vancouver Coal Mining & Land Co., L'd.

(FORMERLY THE VANCOUVER COAL CO.),

ARE THE LARGEST COAL PRODUCERS ON THE PACIFIC COAST.

THE NANAIMO COAL (Used principally for Gas and Domestic Purposes).

THE SOUTH FIELD COAL (Steam Fuel).

THE NEW WELLINGTON COAL

(House and Steam Coal) are mined by this Company only.

THE "NANAIMO" COAL gives a large percentage of Gas, a high Illuminating Power, unequalled by any other Bituminous Gas Coal the world, and a superior quality of Coke.

THE "SOUTH FIELD" COAL is now used by all the Leading Steamship Lines on the Pacific.

THE "NEW WELLINGTON" COAL, which was introduced early in the present year, has already become a favorite fuel for domestic purposes. It is a clean, hard coal, makes a bright and cheerful fire, and its lasting qualities make it the most economical fuel in the market.

The several Mines of the Company are connected with their Wharves at Nanaimo and Departure Bay, where ships of the largest tonnage are loaded at all states of the tide. Special dispatch is given to Mail and Ocean steamers.

6p.m.	48.0		S. E.	Raining
20p.m.	49.0			Cloudy
21				
6a.m.	44.0		SW by S	Raining
1p.m.	47.0		SW by W	Cloudy

Temperature—Highest, 49 lowest, 42.

Removal.

Mr. Geo. S. Russell has removed his barber shop to 42 Yates street, next to W. J. Jeffrees. t.f.

McFallum and Woods,

Merchant tailors, are at their new headquarters, corner Douglas and View streets. Our new spring goods are open for inspection cheaper than ever. Well made, honest goods, stylishly cut and well trimmed. Come and see us.

In Temporary Trouble.

A. A. Clayton's jewelry store is at present in the hands of the customs authorities, pending the settlement of some difficulty pertaining to shipments of imported goods, the customs claiming that undervaluations have been made.

Special Services.

The first of a series of special services will be held to-morrow evening at half-past seven in the Methodist church, Victoria West. The Epworth League and Christian Endeavor Society of Pandora avenue Methodist church will conduct the first service. All are invited.

Consul Myers Thanked.

The Port Townsend Chamber of Commerce has conveyed through its president, Mr. F. A. Bartlett, and secretary, Mr. J. A. Plum, the thanks of that body to U. S. Consul Myers, of this port, for his kindness in preparing a list of the American sealers which have taken the British flag and become registered at Victoria.

From the Maggie Mac.

A letter was received to-day by a gentleman connected with the sealing business, dated Clayoquot, March 3rd, from Captain Dodd, of the schooner Maggie Mac. Captain Dodd left here with his vessel on the 15th of January, and after three months' work can only show a total of 83 skins. All hands are well, but the heavy gales have seriously interfered with sealing.

In Police Court Circles.

In the city police court this morning the case of E. F. Doran, charged with assaulting a son of Mr. Bland at the public school, was dismissed. Three women, inmates of houses of ill-fame, were fined $50 each, and Hy. Vye was remanded until Monday on a charge of over-driving his horse. The secretary of the Union club was round to pay the yearly tax imposed by the city, which he had refused to pay. The case will be repealed.

Yacasses.

A well-known contractor of this city, a Scotsman, like all the rest of his countrymen full of mirth, tells a good story about another contractor, a subject of the Kaiser. The German contractor had for some time been watching his chances to buy a donkey engine, and naturally when his Scotch friend told him that there were two donkeys for sale on board the steamer West Indian, just out from England, he went to enquire the price, etc. He asked the captain, who referred him to the mate, and the latter took him below and introduced the two donkeys. The German, realizing that he had been fooled, jumped back and exclaimed "Yacasses."

Church Notices.

Church of England service to-morrow at Cadboro Bay at 3 p.m.

To-morrow afternoon there will be a special evangelistic service for men at the rooms of the Y. M. C. A., Broad street, conducted by the Rev. M. L. Rugg. All young men in the city will find a cordial welcome. The service will last from 4 to 5.

Calvary Baptist church, Herald street, Rev. M. L. Rugg, pastor. The evangelist, George Robert Cairns, will conduct services at 11 a.m. and 7 p.m. Sunday. Subject of evening sermon, "Three scenes in a rich man's life." Mr. Cairns will hold meetings every afternoon and evening through the week.

Settle or Leave.

The city police are just now making it very interesting for the vagrants and bad cases which hang about questionable resorts. Persuasive little documents, bearing the seal of the police court and the magistrate's signature, are being issued in job lots just now, and the recipients have the alternative of paying a fine of $50 or so to the city, or leaving these shores for green fields and pastures new. The remedy in both cases is a drastic one and not at all relished by the takers.

Pocket knives, table cutlery, scissors, etc., at Fox's.

ROYAL BAKING POWDER

Absolutely Pure.

A cream of tartar baking powder. Highest of all in leavening strength.—*U.S. Government Report, Aug. 17, 1889.*

THOROUGHBRED STALLION

"KISBER"

will make the season of 1891 at the Victoria Jockey Club Race Track, Victoria.

Kisber by imp. Billet (sire of Volturno, Miss Woodford—2 mile heats, 3.33, 3.31½, best on record—Lizzie S., Raceland, etc.) by Voltigeer (winner of Derby and St. Leger) and sire of Vidette (winner of 2000 guineas), sire of Gardevisure (winner of Cambridgeshire), Speculum (winner of City and Suburban), Galopin (winner of Derby and sire of Donovan, St. Simon, Galliard, King Galop, etc.) out of Miss Knight by imp. Knight of St. George (winner of St. Leger), by Irish Birdcatcher, second dam Evelyn, by American Eclipse (sire of Medoc, Zenith, Lady Relief, Gano Gollab, Mungo, Florianthe, Counterplot, Monmouth, Eclipse, etc.) 3rd dam Hanna Marie, by Gohanna. Further see Bruce's Stud Book, or apply to the undersigned.

DESCRIPTION.

Kisber is a handsome brown bay, 15.3½ hands high—a well formed and finely finished horse, with plenty of bone and excellent action, possessing a perfect temper, intelligent, level headed and game. Backed with three crosses of stout Whalebone blood through Sir Hercules and Touchstone. An analysis of his blood lines shows not a single cross not noted for speed and endurance.

TERMS FOR 1891.

$35 for the season payable at time of service with privilege of return in season of 1892 in event of mare not proving in foal and not having changed owners.

KISBER STAKES—OWNER'S OFFER.

A stake of $500, with $10 entrance fee to be added to stake (upon condition that 25 mares be bred to Kisber on above terms this season) to be run for in 1891—open to 2 year olds, the get of Kisber—stake divided, 70% to 1st, 30% to 2nd horse—5 furlong dash—weight and date of race announced later.

NOTE—The winner of any Stallion Produce 2 Year Old Stakes is not barred from the Queen's Plate and Derby.

For Tabulated Pedigree and all further particulars apply Victoria Jockey Club Race Track, or address

18 Trounce Avenue, opposite C. P. R. Telegraph Office. Office Hours, 9 a.m. to 9 p.m.

VERNON, VERNON

THE TERMINUS OF THE

SHUSWAP & OKANAGAN RAILWAY

Situated in the Heart of the Famous Okanagan Valley.

THE RAILWAY CENTRE OF THE INTERIOR

The Shuswap & Okanagan Railway is now under construction, and will be completed and in Operation to Vernon next Summer, 1891.

The Okanagan & Kootenay Railway Co. obtained a charter (with land grants of 20,000 acres per mile) to construct a railway from Vernon to Sproat's Landing, via the Coldstream Valley and Cherry Creek Mines.

A charter will be applied for at the next session of the Local Legislature to construct a Railway from Vernon south to the International Boundary, to connect with the American railway system.

This is a great chance to make money, as Vernon, being in the heart of the most extensive agricultural district in the Province, will undoubtedly become a large and flourishing city.

Arrangements have been completed with responsible parties for publishing a good weekly paper at Vernon, to commence business early in the new year. This paper will be circulated by the company in all parts of the world.

A Large Hotel will be erected early next spring, and plans for same are now ready.

PLANS OF TOWN-SITE ARE NOW IN ALL REAL ESTATE OFFICES

A large number of lots have already been sold, and most of these will have buildings erected on them early next year.
Special Inducements are offered to builders. See price list. Free sites will be given to parties establishing industries.
Financial assistance will also be given to responsible parties engaging in legitimate enterprises.

ADVANCE IN PRICES.

The Company will advance prices of all central lots early next month. Intending purchasers should not delay selecting lots now in order to obtain the benefit of this advance.

Vernon is situated in a pass commanding and making tributary to it the whole of the famous Okanagan Valley and its tributary valleys, the grazing country of the Lower Nicola, the mining camps of Rock Creek, Granite Creek, Kereemeos, Okanagan, and Monashee Mountain, the placer diggings of Cherry Creek and Siwash Creek. It is impossible to get to any of the above places without first going through Vernon.

The opening of the Shuswap & Okanagan Railway next summer will flood this favored country with land and mining prospectors, &c., and will give a great impetus to the farming, fruit growing, grazing and mining industries. Several important industries are projected and will likely be started in Vernon next year.

The best advice we can give intending purchasers is to go and see for yourself. The C.P.R. to Sicamous, Stage from Sicamous to Vernon. Leave Vancouver on Mondays or Fridays, arrive Vernon Tuesday or Friday evening.
